

WASTE-TO-ENERGY

in Vienna

October 1 and 2, 2018

The next IRRC – Waste-to-Energy will take place on October 1 and 2, 2018 in Vienna.

Internationally acknowledged speakers of the Industry, from Politics, Science, and Technology will present the current themes and discuss them with the participants. The exchange of experiences, ideas, and concepts will give impulses for cooperation and is going to promote development particularly in the new EU-member states, as well as developing and emerging markets.

Companies are invited to present themselves at the IRRC Waste-to-Energy by way of:

- insertion of an advertisement in the book published for the congress and the related article in our online literature database, and
- a company booth by the congress rooms.

Advertising in the IRRC book Waste Management and the online literature database

On the occasion of the IRRC the book

Waste Management

– Waste-to-Energy –

will be published on October 1, 2018.

The book contains about 40 English articles, which are basically identical with the presentations at the IRRC – Waste-to-Energy.

The book will also be marketed after the congress. In that way it is addressed to decision makers, managers and experts in the new EU member states and those countries that want to become active in these regions.

The hardcover and four-colour printed book will have a content of about 550 pages.

Online literature database: All articles (incl. the advertisements) will be published in our online literature database on www.vivis.de, starting on December 30, 2018 where they can be downloaded for free. The advertisements will be integrated with a link to the homepage of the advertising companies.

Offer and Services: A full page, four-colour or black-and-white advertisement (size: 15.5 cm x 23.5 cm, plus 3 mm cutting) will be priced at **2.500,00 EUR** excl. VAT.

The advertisement will be placed in the book according to the wishes of the advertising company. Advertisers are also offered the opportunity to display their own leaflets during the congress.

Data format for the advertisement: A printable PDF document is required.

Deadline: The book will be published on October 1, 2018. In case of an affirmative decision from you, we require your confirmation and complete printing materials if possible by **July 20, 2018**.

Company booth at the IRRC

During the IRRC – Waste-to-Energy a company booth can be rented for **2.500,00 EUR** excl. VAT. The booths will be located by the congress rooms. Each booth will consist of one table and two chairs, if required. In addition companies can bring self standing info walls or roll-up banners with a total maximum width of two meters.

If you are planning to send people for supervising the company booth, you have two choices:

1. You book the **catering package for 300,00 EUR plus VAT**.

This includes the following:

- warm lunch buffet on October 1 and 2, 2018,
- festive dinner on October 1, 2018,
- coffee and tea breaks throughout the congress.

2. You register them as **participants at the appropriate conditions**.

This includes the following:

- access to all presentations,
- all congress materials,
- warm lunch buffet on October 1 and 2, 2018,
- festive dinner on October 1, 2018,
- coffee and tea breaks throughout the congress.
